REPORTS OF THE EXECUTIVE COMMITTEE:

• President Kowal reported on a year of “whatever could go wrong did”. She thanked the membership for the opportunity to meet a lot of nice people. She advised the membership of the new electronic newsletter, in an effort to save the association money since the newsletter is a big expense. The newsletter will continue to be in printed format for those clerks who do not have access to the internet. No one will be left out. She commented that election consolidation went through last and the legislature is working on clean up legislation right now. She was putting together a committee of the past five (5) presidents to look over
the rules and regulations of the organization and to make sure that this association was working toward the goals that were set up five years when this organization was first formed. The Past President’s committee will be an advisory committee only and will bring their thoughts/recommendations back to the MAMC Board.

She expressed a deep gratitude to outgoing Board members Tonni Bartholomew and Kathy Dornan, who bring over ten years of experience to this Board. Kathy stepped in the middle of the year, when the 3rd Vice-President had to leave due to a career change. Tonni leaves as Immediate Past President and has been on this Board since 2000.

• **CEO Report** - 1st Vice-President Gail Kundinger advised that the CEO has met all year long working on legislation regarding election consolidation. In everyone conference packet there are a list of bills for your information. The CEO’s main goals are: no reason AV, early voting, notarization on Federal Post Cards, voter registration at any clerk’s office, working with the State Elections Division to improve communication not only to the public, but also to the clerk’s office in a timely fashion, QVF concerns and digitized signatures.

• **Legislative Committee** - 2nd Vice-President Janet Santos discussed HB 513, introduced by Senator Hammerstrom, which is part of the consolidation clean up bill. The language in the bill includes digitized signatures once in place by the Secretary of State’s office and also having to have notices of elections published only one (1) time in the newspapers, which is a cost saving for the clerks; and also, community proposals on the ballot could be summarized in publication in the newspaper and do not have to include the entire language. Senate Bill 4801 deals with recount fees being increased to $50.00 per precinct. Other proposals include changing the May school election to either Aug/Nov of even numbered years and to delete the need for a marking device for absentee ballots. She advised that these bills can be accessed on [www.michiganlegislature.com](http://www.michiganlegislature.com).

• **Technology/SOS Liaison** - 3rd Vice-President Kathy Dornan reported that the website is “still a work in progress”. Software has been purchased to allow the Board to update the site on a regular basis. The list serve is up and running and soon a calendar will be available to keep the membership informed of upcoming events.
