A Note from the President of the Indiana League of Municipal Clerks and Treasurers

Retha Hicks, IAMC, MMC, President ILMCT

Howdy, ya'll! (I am practicing my diction for Tennessee!) I hope to see you in Franklin, Tennessee at the end of November.

The Indiana league has been very busy. We are in the process of developing a foundation for the league. This initiative would allow our league members to make a tax free donation for educational scholarships for our members. It will also assist in raising the status of our league to a higher professional level. There are two Indiana firms that are assisting us with this endeavor, London Witte Group (finance) and Barnes and Thornburg (legal). We are very appreciative of their assistance.

Shortly after I took office as ILMCT President, league leaders met at McCormick's Creek State Park in Spencer, Indiana for a leadership retreat. It was facilitated by Mitch Ripley and Gary Whorlow of HR Unlimited Resources. We were challenged, each and every one of us, to be a fully committed team for our community, county, state and our organization. I have witnessed my colleagues stepping up to the plate to give their best for their league; that has been exciting to see. Even though this is an election year and some of them are out campaigning for their jobs, they are giving their all to their league responsibilities also. What an amazing group!

Our next challenge will be to reach all the newly elected clerks and clerk-treasurers that take office in January to assist them with educational opportunities and the transition into their new position. Our mentor chairs, Jennifer Shell, IAMC and Jan Unger, IAMC, CMC, are working hard to develop materials and a plan to address this issue. Kay Brown, IAMC, MMC, CPFA, and Janet Jaros, IAMC, CMC, Educational & Professional Committee Co-Chairs and their committee have been planning the ILMCT Institute and Academy special courses for the newly elected colleagues; as well as the academy classes. The institute will be in March, 2008.

I applaud Brenda Young and Kathy Dornan for giving that same level of commitment to IIMC Region V. Ladies, we appreciate your dedication to us to keep the line of communication active with the newsletter and your active role in representing Region V with IIMC. ILMCT has attempted to give our members a higher level of visibility and professional image through our league's quarterly publication; "Quest". Thank you to our team of Kathy Parsons, IAMC, CMC, CPFA and Karen Grieser, IAMC, CMC for their leadership as editors and the Indiana reporters.

Thank you Kathy and Brenda for giving us this opportunity to share.

Notes from the President of the Kentucky of Municipal Clerks Association

Sandra A. Doane, CMC, President KMCA

The Kentucky Municipal Clerks Association held its fall membership meeting on October 10 in conjunction with the Kentucky League of Cities

Conference with approximately 35 members in attendance.

Kentucky is currently dealing with some major concerns within our state and hopefully with the assistance of the Kentucky League of Cities and our legislators we will be able to get some of them solved. One very important topic for the clerks is getting a statute of limitations on the number of years that insurance companies can ask for a refund on insurance premium tax and also a requirement that all the companies use the same GIS system so that cities will receive their appropriate payment.

Our recent Master Municipal Clerks' academy was well attended with 59 in attendance. Thanks to the efforts of our education committee and our education director, Barbara Combs, we had a successful, rigorous session which started on Wednesday morning, September 19, 2007 and ended on Friday, September 21, 2007 at noon. Many pertinent topics were covered such as legal issues for supervisors; governmental employer checklist; Kentucky's ABC legislative summary; and generational differences at City Hall, to name a few.

Some of the projects being worked on within our organization are a major facelift

with ongoing updates to our website to make it more timely and informational to users. We are also sending our Kentucky newsletter out electronically now which seems to be working well. We are also updating an old photo directory of Kentucky clerks.

Kentucky recognized seventeen clerks as 2007 certified Kentucky Municipal Clerks at the Kentucky Municipal Clerks Academy in July. We also had thirteen clerks who were recognized by our Kentucky League of Cities for obtaining ongoing levels of education under KLC's Public Officials Essential Skills Institute. Several clerks have also advanced to different levels through the International Institute of Municipal Clerks with two recently being awarded the prestigious Master Municipal Clerk designation.

The Kentucky Municipal Clerks Association awarded six scholarships this year for attendance at the Clerks Institute in July and will continue to award yearly scholarships based upon fund raising efforts of the association. Several regional clerk chapters across the state also awarded scholarships for the institute. One of our main goals is to promote educational opportunities for the clerks of Kentucky.

The Kentucky Clerks appreciate all the hard work of Kathy Dornan and Brenda Young on our behalf as they serve as our Region V Directors to IIMC. The Kentucky Clerks look forward to seeing our friends and neighbors from Indiana, Michigan, Ohio, and Tennessee at the Region V Conference. See you in Tennessee!

**A Note from the President of the Michigan League of
Municipal Clerks and Treasurers**

Dana Muscott, CMC, President MAMC

Picture ID in the Polls

The Michigan Supreme Court ruled on July 18, 2007, that a provision of Michigan election law which requires voters to either present picture identification or sign an affidavit if they do not have a picture identification with them is constitutional and enforceable. The State Legislature originally adopted this in 1996 and it was never implemented. So, this means for the 1st time, voters all over the State of Michigan will be producing their Picture ID before they vote. Since most Clerks have a November 6th election, training of election workers needed to be done again! Hopefully all goes well, and our voters will be trained for the upcoming Presidential Primary scheduled in Michigan on January 15th.....

Speaking of the Presidential Primary, Public Act 52 of 2007 was signed into law in September, 2007, moving Michigan's 2008 presidential primary to January 15, 2008. It was formerly scheduled for February 26, 2008. The legislation provides for the cancellation of the 2008 presidential primary if the chairpersons of BOTH of the political parties file affidavits by November 14, 2007, ultimately canceling the election.

A Note from the President of the Ohio League of Municipal Clerks and Treasurers

Betsy Parr, CMC, President, OMCA

Ohio clerks' celebrated the 25th Anniversary of OMCA's collaboration with Kent State University and Drs.

M. Melinda Holmes and James Tinnin as Institute Directors at the career development programs held during the week of October 15 - 19th, 2007. IIMC President Chuck Tokar and IIMC Region V Director Kathy Dornan were in attendance.

Certificates of recognition were presented as well as a certificate from Ohio Governor Ted Strickland. Betsy Parr, CMC President OMCA

OMCA Executive Board presented Sharon Cassler, MMC of Cambridge, Ohio a resolution in support of her candidacy for IIMC Vice President in 2008. Ohio is asking all states in

Region V to support Sharon in her quest for IIMC VP. We know Sharon's directives include bringing leadership back to International Association with education being a primary objective. Many concerns have been raised by Ohio Clerks and our Institute Directors regarding the changes in our education credits toward certification as CMC and MMC.

OMCA added the IIMC Region V Newsletter to our web-site. The newsletter is very informative and we appreciate Directors' Kathy Dornan and Brenda Young for their efforts to keep us informed.

We look forward to seeing many of our friends at the Region V meeting in Tennessee.

Brenda Young, Region V Director from Indiana

Greetings from the hills of beautiful southern Indiana!

Wow, what an autumn it has been from the earlier drought to these beautiful fall colors. I believe this is just what we needed to make us stop and take a minute from our hectic schedules to enjoy the beauty all around us. This is the time of the year when I begin reflecting on all that I am thankful for and all the joy in my life. I truly am thankful for all of you and this opportunity to represent you on the IIMC Board. Last month I had the pleasure of traveling to my first Mid-Year Board meeting and I must say that I was honored to be at the table with our colleagues from around the world and be able to speak out about what we felt was important for our Region and the association as a whole. Kathy and I were seated together and were able to discuss the agenda items and how they would affect our membership. The trust that you have placed upon me is not taken lightly and I will do my very best these next 2 ½ years to represent you with professionalism and dedication.

Our own Kathy Dornan was appointed by President Tokar as Co-Chair of the new Education Task Force!!

Congratulations to Kathy who was appointed to serve as Co-Chair of this new task force. Kathy brings experience, knowledge and passion to this committee and we are so fortunate to have her represent us in this manner. Kathy and I are taking turns contributing to this newsletter. You will be hearing some important updates from Kathy at the beginning of the New Year!

Exciting News!!

I am so excited about the new grant program that will be available for our Region. The Municipal Clerks Education Foundation (MCEF) approved a new Grant Program that offers up to **two IIMC eligible members complimentary registration to attend an IIMC Annual Conference**. The **deadline** for a submitted application is **January 31, 2008**. We want to make sure that our Region uses these two grants. Please go to the IIMC website to access the application and remember the deadline date is approaching.

Region V meeting in Franklin, Tennessee

I can't wait until next week to travel to the great state of Tennessee! TAMCAR has planned a wonderful get together with educational opportunities, networking and of course great food and fun. I want to thank TAMCAR for all of their southern hospitality.

My Wish

My friends when the calendar changes and a new year is upon us some of us will experience changes in our lives such as retirement, relocation or changing professions. My wish for all of you is that you know that you will always be in our hearts and we will cherish the times that we have spent together. Please keep in touch!

Have a safe and happy holiday season,

Brenda K. Young, IAMC, MMC
Region V Director

2011 IIMC Conference

2011 Conference Plans

TAMCAR members are busy brainstorming and fundraising for the 2011 Conference that will be in Nashville. Toward that effort we have planned both merchandise sales and a fun silent auction fundraiser for the upcoming Region V meeting. We would like to have about six (6) items donated from each Region V state for the silent auction, to add to the items that TAMCAR members will donate. If the members attending from each Region V state could put their heads and dollars together to bring a half dozen items that will generate some great silent auction competition, it'll be a fun way to raise a few more dollars toward the 2011 conference fund.

The next edition of the Region V newsletter will be published in February.

To be included in the newsletter, please e-mail Brenda Young at byoung@townofnashville.org or Kathy Dornan at KDornan@fhgov.com by January 25, 2008.
